LINING & FIT GUIDE

Thermal (insulated) / HILT THERMAL

Liquid-silicone shell with textile lining. Supplier reference: up to 250 degrees C; brief exposure up to 350 degrees C, only for the matching insulated construction. HILT certification and approved contact times are pending.

Unlined / HILT RINSE

Silicone inside and outside, with no cloth liner. No contact-heat rating is specified. Do not apply the insulated model's temperature claims to this version.

Comfort lining

The third lining option remains under development. Materials, care and performance details will be updated after factory confirmation.

MEASURE BEFORE YOU CHOOSE

Measure the length of your middle finger and the circumference around your palm and the back of your hand. Leave room for comfortable movement.

SIZE	MIDDLE FINGER	HAND CIRCUMFERENCE
M	7.5 - 8 cm	21 - 22 cm
L	8 - 8.5 cm	22 - 23 cm
XL	8.5 - 9 cm	23 - 24 cm
XXL	Over 9 cm	Over 24 cm

Sizing is adapted from the supplied equivalent-product guide and awaits final HILT fit confirmation. Clean with mild soap and warm water; dry fully. Avoid glowing coals, prolonged open flame, welding and molten glass.
